Summary

Senior PMO and Project Governance professional with 9+ years of experience driving enterprise-scale transformations, cross-functional delivery programs, and rigorous framework compliance. Certified Lean Six Sigma Black Belt and Google Project Management Professional with a proven track record of designing governance routines, managing complex RAID logs, and translating delivery data into decision-oriented executive narratives. Extensive experience coordinating distributed global stakeholders across advisory and operational environments.

Skills

- **Program Management:** PMO Governance, Risk & Issue Management (RAID), Project Lifecycle Management, Agile / Scrum Methodologies, Scope & Change Control
- **Operations & Analytics:** Executive Reporting, Stakeholder Management, Process Standardization, Financial Tracking, Technical Tooling Transformation
- **Technical Tools:** Jira, Confluence, Monday.com (Admin & Dashboards), Smartsheet, Microsoft Project, Google Apps Script, Tableau, Generative AI
- **Languages:** English, Tamil, Hindi, Kannada, German (A2), French (A1)

Experience

Project Manager, Operations Excellence | RingCentral | Bangalore, India **Apr 2024 – Present**

- Engineered an automated front-end UI for the PS Quote & Margin Calculator using Generative AI and Google Apps Script, streamlining financial tracking and reducing deal-desk approval cycle times by 95% (from 48 to 2 hours).
- Spearheaded platform administration and governance for the Monday.com ecosystem; architected dynamic executive dashboards to provide real-time portfolio health, capacity, and KPI visibility.
- Standardized cross-functional delivery tracking by integrating workflows across Monday.com, Smartsheet, and Jira for distributed global teams.
- Directed project governance routines for the LAC 3.0 initiative, maintaining robust RAID logs and applying Lean Six Sigma root-cause analysis to resolve delivery bottlenecks.
- Oversaw User Acceptance Testing (UAT) and release readiness protocols, ensuring strict compliance with enterprise delivery standards.

Global Program Lead (Operations & Compliance) | DKMS Foundation **Apr 2020 – Dec 2023**

- Managed end-to-end program delivery and governance frameworks for a multi-country digital transformation initiative spanning 7 international jurisdictions.
- Partnered with legal counsel to navigate stringent FCRA compliance requirements and execute corporate restructuring to secure cross-border funding lines.
- Implemented GDPR-compliant data governance policies, standard operating procedures (SOPs), and audit-readiness controls for sensitive records.
- Optimized nationwide kit-distribution logistics by establishing decentralized regional hubs, improving delivery turnaround times by 35%.
- Leveraged Tableau analytics to track operational performance metrics, driving continuous process improvements across regional teams.

Associate (Process & Integration) | DKMS Foundation **Nov 2018 – Mar 2020**

- Facilitated post-merger operational integration between India and Germany, aligning cross-border compliance workflows and governance standards.
- Overhauled inventory tracking systems, implementing rigorous controls that reduced process costs by 40% while increasing traceability.

UN Peace Messenger (1-Year Global Fellowship) | Germany **Aug 2017 – Aug 2018**

- Managed project governance, milestone tracking, and stakeholder workshops for cross-cultural international initiatives across Germany.

Program Executive (Operations) | SoStakes Services Pvt Ltd | Bangalore **Jan 2017 – Aug 2017**

- Designed operational delivery models and audited project timelines for large-scale CSR engagements to ensure complete sponsor milestone adherence.
